DON'T TAKE BOWEL MEDICINE WHEN IT'S YOUR LIVER THAT'S WRONG

Many people take a simple laxative when their liver gets sluggish rather than take calomel, which they know to be dangerous. But a mere laxative will not start a sluggish liver. What is needed is a tonic that will liven up the liver without forcing you to stay at home and lose a day from your business.

You have such a tonic in Dodson's Liver Tone is personal guarantee to refund the price if it fails to do good. Large bottle of Dodson's Liver Tone is 50 cents.—Advertisement.

Socialist Leader Assails the Church that Denies Help to Those Whom Christ Sheltered.

Terre Haute, Ind., July 22.—Early in the present month Eugene V. Debs, the Socialist leader, took from the city jail in Terre Haute, Ind., Helen Cox, daughter of a Methodist preacher once prominent in that state, who had been arrested for immorality.

Debs, after publicly announcing that he would open his home to the girl and that she must be received by friends of his family as one of his children, issued what he called his "challenge to the Christianity of Terre Haute" it

By Eugene V. Deba.

There is but one thing remarkable about opening our home to an unfortunate young woman, and that is that any one should consider it remarkable. This fact is significant. Persecution of these unfortunate girls is the rule, and so common that it attracts no attention. Kindness is so exceptional that it provokes widespread comment.

They alone bear the disgrace and sorrow, the ostracism and living death. They are persecuted and preyed upon by the police, and every species of graft and blackmail is levied to rob them.

Every scarlet weman in the daylight is a living certificate of the Christian church's denial of Jesus Christ. He did not scorn and banish the erring sister. He loved and pitied her, gave her new life and new hope and rebuked without mercy the pious, heartless hypocrites, guilty of her prosecution.

What Christ would do is proved by what He did when on earth, and for which extortioners and hypocrites, led by high priests, all of whom made long prayers and great show of religious pretense, conspired to have Him ignominiously crucified as a felon.

The church of today is no less full of hypocrity and false pretense. It does not rebuke rich hypocrites and pour out its love to poor sinners as the Christ did whom it falsely professes to follow.

The sinful woman is, as a rule, not a wicked woman, but a sick and suffering woman. There is a deep and underlying cause for the scarlet scourge of modern society.
